

# Baseball Practice—Pictures

By Amy Johnson

Your Child's Photo

I'm a baseball player and I get my picture taken!

At my first baseball practice I can have my picture taken. For the picture, I will wear my jersey, hat and I can hold a baseball bat.

I should remember to smile and look happy when I get my baseball picture taken.

I can have my picture taken by myself, and with my team mates and coaches.

My picture will help me remember this summer playing baseball.
